A corpus stylistic approach to Dickens's fiction - teaching students of language and literature

Michaela Mahlberg
Today’s talk

- Teaching context
- Research-led teaching: Corpus stylistics
- Literary criticism and linguistic evidence: Dickens and characterization
- An example: Bucket and Tulkinghorn
- Module: ‘Texts in a Digital World’
Teaching context

- The School of English Studies
- Investigating English Language (Y2)
- Stylistics (Y3)
- *Texts in a Digital World* (Y3)
- Literature and Identity c. 1789-1914 (MA)
The corpus stylistic circle

Linguistic Description

Literary Appreciation
The corpus stylistic circle

Linguistic Description → Literary Appreciation → Corpus Linguistic Description
Corpus linguistics

- a ‘corpus’ - usually a large collection of computer-readable text(s)
- quantitative data
- finding patterns
s flagship Odeon cinema said: `I am afraid Ally's been subbed.' <p> Rangers
notions in ten years. I'm afraid I have to tell you that I believ

I'm afraid I have to tell you that I believ company operations you own; I'm afraid I've got to get some detail." <p> you know me?" he said grumpily. `I'm afraid I don't know you. I've shaved of that band of loonies? I'm afraid it's just no contest at all. <h ellip; we cocoon because we are afraid of saying the wrong thing or not a Pullman, and partly because he was afraid of being seen there by some attacks. They think she is afraid of upsetting the politicians lin Into the lens, but equally do not be afraid of photographing against the lig because health professionals were afraid to cross lines marking religious willowy decadence, blase, stupid, afraid to be seen sober or with a book, t say yea <p> or nay, and he was afraid to ask. <p> When the new field l with their eyes what they were afraid to put into words. Is it possib Monica) Lewinsky report, you are afraid to put a cigar in your mouth. Th

... illustrates the typical patterns of a word (collocations)
Corpus stylistics: an emerging field

- recognized by both corpus linguists and stylisticians

  • cf. Chapelle 2011, Lindquist 2009, O’Keeffe and McCarthy 2010

  • Leech and Short 2007, Jeffries and McIntyre 2010, McIntyre and Busse 2010
Corpus work as comparison

- **primary** deviation: Louw (1993), Hoey (2007)
- **secondary** deviation: e.g. Scott (2006), Tabata (2002)
- **tertiary** deviation: Stubbs (2001), Culpeper (2009)
Quantitative and qualitative

“Corpus stylistic analysis is a relatively objective methodological procedure that at its best is guided by a relatively subjective process of interpretation”.

(Carter 2010: 67)
Focus on Dickens’s fiction

- availability of data (4.5 million words in DCorp, copyright)
- Dickens’s popularity
- “Dickens was never afraid of making excessive use of a way of writing that happened to appeal to him. [...] He was never afraid of repetition.” (Brook 1970:36)
Characters

- Pickwick mania

"[i]t is tempting to read Dickens’s work [...] as one long novel – partly because the plots seem to matter less than such things as his evocations of atmosphere and his handling of character"

(Kucich 1994: 403)
Externalization of character
(John 2001)

- relying on methods of popular melodrama
- emotions shown in exaggerated ways
- gestures and actions add to externalize character
- mind only takes a marginal place
- transparent character
Characterization and corpus

- characterization as a process, readers form impressions of characters in their minds (Culpeper 2001), cf. Rosenberg (1996)
- top-down and bottom-up processes
Checklist of textual cues for character information

- patterns (clusters)
- places (suspensions)
Context: building blocks of fictional worlds

- ... and the *young lady with the black* eyes and the fur round the boots, whispered something in Emily's ear, and then [...] 

*Labels*

- ... Thank you, Mr. Bumble, sir, *I am very much obliged* to you, I'm sure.' 

*Speech*

- ... said Riderhood, when his visitor sat down, resting his chin on his hand, *with his eyes on the* ground. 

*Body part clusters*

- Exceedingly red-eyed and grim, *as if he had been* up all night at a party which had taken anything but a convivial turn, Jerry Cruncher worried his breakfast rather than ate it, ... 

*As If*

- Kit stood *in the middle of the* road [...] 

*Time and Place*
Body language and where to look for it

- link to and difference from real world
- linearity of text
- the fact that body language is mentioned makes it significant
- primary deviation: 
  *his hands in his pocket* 1 occurrence in BNC
- context of speech
Suspensions

"Once had a friend and brother serjeant of the same name," says Mr. Bucket, offering his hand, "and consequently feel a liking for it. Mrs. Chadband, no doubt?"

- Cf. Lambert (1981)

Bucket and Tulkinghorn
(*Bleak House*)
Patterns: Bucket

- 5-word clusters: Speech Labels

\begin{quote}
Sir Leicester Dedlock Baronet and
Sir Leicester Dedlock Baronet I
by Sir Leicester Dedlock Baronet
now Sir Leicester Dedlock Baronet
\end{quote}

- no body language clusters, but Bucket and his fat forefinger, striking examples!
Mr. Bucket and his fat forefinger are much in consultation together under existing circumstances. When Mr. Bucket has a matter of this pressing interest under his consideration, the fat forefinger seems to rise, to the dignity of a familiar demon. He puts it to his ears, and it whispers information; he puts it to his lips, and it enjoins him to secrecy; he rubs it over his nose, and it sharpens his scent; he shakes it before a guilty man, and it charms him to his destruction. The Augurs of the Detective Temple invariably predict that when Mr. Bucket and that finger are in much conference, a terrible avenger will be heard of before long.
Patterns: Tulkinghorn

</table>
During this dialogue Mr. Tulkinghorn has stood aloof by the old portmanteau, with his hands behind him, equally removed, to all appearance, from all three kinds of interest exhibited near the bed -- from the young surgeon's professional interest in death, noticeable as being quite apart from his remarks on the deceased as an individual; from the old man's unction; and the little crazy woman's awe. His imperturbable face has been as inexpressive as his rusty clothes. One could not even say he has been thinking all this while. He has shown neither patience nor impatience, nor attention nor abstraction. He has shown nothing but his shell. As easily might the tone of a delicate musical instrument be inferred from its case, as the tone of Mr. Tulkinghorn from his case.

"In a word, mistress," says Mr. Tulkinghorn, "I am sorry to be unpolite, but if you ever present yourself uninvited here--or there--again, I will give you over to the police. Their gallantry is great, but they carry troublesome people through the streets in an ignominious manner, strapped down on a board, my good wench."

"I will prove you," whispers mademoiselle, stretching out her hand, "I will try if you dare to do it!"

"And if," pursues the lawyer without minding her, "I place you in that good condition of being locked up in jail, it will be some time before you find yourself at liberty again."

"I will prove you," repeats mademoiselle in her former whisper.

"And now," proceeds the lawyer, still without minding her, "you had better go. Think twice before you come here again."
"Now, mademoiselle," says Mr. **Bucket** in a cool determined way, "you go and sit down upon that sofy."

"I will not sit down upon nothing," she replies with a shower of nods.

"Now, mademoiselle," repeats Mr. Bucket, **making no demonstration except with the finger**, "you sit down upon that sofy."

"Why?"

"Because I take you into custody on a charge of murder, and you don't need to be told it. Now, I want to be polite to one of your sex and a foreigner if I can. If I can't, I must be rough, and there's rougher ones outside. What I am to be depends on you. So I recommend you, as a friend, afore another half a blessed moment has passed over your head, to go and sit down upon that sofy."
Bucket and Tulkinghorn

- Patterns (clusters) and places (suspensions)
  - show similarities in behaviour of individual characters and between characters
  - help to focus on character information (cf. situational features, discounting principle)
- Clusters and suspensions to be added to checklist of textual cues
- Character information and lexical items (specifically semantic preference)
Texts in a Digital World

- Basic methodology and tools (concordances, key words, clusters, WordSmith, webcorp, Wmatrix)
- Case studies (‘sustainable development’, Dickens)
- Luxury of small groups and ‘extra tutorials’
- Own project: language or literature focus, linking to other modules, presentation and feedback session
